WHEREAS The Town have appointed

## Blairmore's Council is Busy

### Axe is Used To Cut Away Roots of Mayor Lyon's Well-Nursed Bouquets.

The regular meeting of the Blairmore town council took place on Monday night with the Mayor and Councillors Dutil, Sinclair, Hinds, Rosse and Beebe present.

The minutes of previous meeting were read and approved.

A letter from M. O. Vurquin, asking if arrangements could be made by the town for the deportation of himself and his family, who are in straitened circumstances, to the United States. Chairman of the health committee was asked to look into this matter and see that report is made to the Belgian consul.

Dr. Mackay accepted appointment as medical health officer for the town at a salary of \$250 per annum.

Messrs. Goldman & Co. and C. H. Burgess & Co. wrote stating that they were in position to consider the purchase of debenture bonds.

The auditor's report for the year ending December 31st, 1913 was accepted.

The following accounts were passed and ordered paid.

Union Bank of Canada, interest \$1.53;

Blairmore School District 028

appropriation \$3,400;

West Canadian Collieries, Ltd. \$3.50;

Alberta Trading Co. \$1.35;

W. A. Beebe & Co., auditors, \$42.50;

Blairmore Pharmacy \$4.05;

An account from E. Morino et al. for the sum of \$410.96, and account of "The Enterprise" for \$30.75 were read.

The mayor denied knowing anything about either of the above accounts, and questioned how the town could be expected to pay for the publication of the auditor's annual statement. He knew that such statements had been published in the local paper in the past gratuitously and he therefore thought it quite unreasonable that a bill for the publication of this report should be handed in. The account was allowed to lay over until next meeting.

The account of Morino et al. was for a note endorsed by Messrs. Beebe, Rosse and Morino in the interest of the town band. This account has come up for consideration on several previous occasions, but so far no attempt has been made towards settlement. The band instruments are supposed to be the property of the town, but unless this note is redeemed by the town the band instruments will be considered the property of W. A. Beebe, and may be ordered turned over to him.

Mr. Beebe asked that the town pay the amount of the original note, in the neighborhood of \$320, and stated that he was satisfied to pay the interest in order to have the matter straightened out.

The West Canadian Collieries asked if the town would undertake to pay for light service rendered on the west townsite.

Beebe Dutil—That as soon as plans of West Canadian Collieries sub-division have been registered in the land titles office at Calgary this council will deal with the matter of lighting streets.

Councillor Rosse gave notice that at the next meeting of

council he would introduce certain amendments to the license by-Law No. 4.

Rosse Beebe—That as a means of cutting down the running expenses of the Town of Blairmore, we hereby instruct the secretary-treasurer to notify J. R. Irwin that his services as police for the Town of Blairmore will not be required after tomorrow, February 10th, 1914.

The mayor wished to point out that according to the reading of the motion the council were undertaking to dismiss the Chief of Police without the necessary one-month's notice, and that in the event of such order coming into effect he believed that according to agreement entered into between the Town and J. R. Irwin, Mr. Irwin could collect from the Town, not only one month's salary in lieu of discharge, but salary in full for the balance of 1914.

One councillor stated that he felt it was in the interest of the ratepayers to dispense with the police or any other official that we could possibly get along without, in order to curtail expense at this time when the Town can least afford it.

The mayor contended that the council could not be considering the interest of the ratepayers if they discharged an official who is under contract with the town to the end of 1914.

Councillor Sinclair asked if the mayor thought it was working in the interest of the town to appoint an official for a period extending beyond the life of a council.

Both Councillors Beebe and Sinclair expressed the opinion that the police should not have been engaged for more than the period of the life of the council, feeling that such officers should be filled by the council at the first meeting in the year and for a term within that year only.

Councillor Dutil asked to see the terms of agreement, which were forthwith laid upon the table.

The following is an exact facsimile of the agreement entered into between the Mayor and Secretary-Treasurer of the Town of Blairmore and the Chief of Police.

We submit it to the consideration of anyone versed in the construction of legal documents to notice its defects, principally the one-sided provisions made. In it the town is scarcely considered a party, but the Chief of Police is the ruling element and the Town.

Such a piece of construction as a contract between the mayor and secretary of a town and an individual who is required to fill an official capacity in the town in the interests of the ratepayers who are supporting him is certainly deserving of publicity.

"AGREEMENT made in duplicate this 10th day of April, A.D. 1913.

The Town of Blairmore, herein  
after called "The Town,"

and  
James Robert Irwin, of the Town of  
Blairmore, in the Province of Alberta,  
Chief of Police, herein called "The

and the first part;

of the second part,

WHEREAS The Town have appointed

the said Irwin their Chief of Police under the agreement dated the 14th day of April, 1913.

AND WHEREAS the said Irwin has signified his acceptance of such office with the said Town and has entered into these presents as a binding contract one with the other;

NOW, THEREFORE, THIS AGREEMENT WITNESSETH that on the premises and of the sum of one dollar paid by the said Town to the said Irwin, it is mutually agreed as follows:

1. The said Irwin shall devote his whole time between such hours as the Council may from time to time determine to the service of the Town, and shall perform all duties required by the Town Act or any amendments thereto, and such other duties as may from time to time be made by the Town By-Law or resolution of the Council by virtue of the powers which the said Irwin has been given by the Town all laws relating to public peace and all by-laws of the Town.

2. In consideration of such service the Town covenants and agrees to pay to the said Irwin the sum of \$100.00 dollars, for each and every month that the said Irwin remains in their employ as such officer.

3. The tenure of office shall be from date hereof to the end of December, 1914.

It is mutually agreed that should the said Irwin desire to be relieved from his duties as Chief of Police then the Irwin may be relieved of his said duties and the engagement herein stipulated for shall cease and be determined after the expiration of thirty days from the date of written notice to the mayor of the town to end of that end.

Entered into under the hands of the Mayor and Secretary-Treasurer of the Town of Blairmore, and the corporate seal annex hereto as authorized by resolution of the Council in that behalf.

HENRY E. LYONS, Mayor.  
Chas. E. F. Hisecks, Secretary-Treasurer.  
James R. Irwin.

THE CORPORATE SEAL

Councillor Beebe asked the mayor if J. R. Irwin had been pocketing costs and commissions in connection with cases brought up under the town's by-laws, and was told "yes, and that he received nothing he was not entitled to." Councillor Beebe again asked if such was according to agreement, and was informed that it was the rule and custom in every other town.

The motion was carried, Councillors Beebe, Sinclair, Rosse and Dutil in favor; Councillor Hinds and Mayor Lyon against.

Sinclair Rosse—That the secretary-treasurer notify J. R. Irwin to turn over to the chairman of the Police Committee, not later than 5 o'clock, Tuesday, February 10th, 1914, his uniform, equipment and all town property which may be in his possession. Carried.

Sinclair Rosse—That the secretary-treasurer advise H. C. Moore that this council has dispensed with his services, and ask that he turn over to the secretary-treasurer all papers, etc., belonging to the town. Carried.

Sinclair Dutil—That rent for the back room rented by H. C. Moore be paid by him to the Town from February 10th, 1914.

The mayor claimed that no rent was due the town as far as he understood.

Motion carried.

Councillor Sinclair asked that copy of the agreement between the Town and J. R. Irwin be published in the local paper.

Mayor Lyon said that the

## The Things We "Might Have Said"

Editing a newspaper in some respects is a good deal like preaching. The good truth must be presented in the form of generalities or some fellow will get hit and howl, says a recent writer. Few persons like truth, even in homoeopathic doses, if it hits them. But while preachers and editors are criticised for what they say, no one thinks of giving them credit for what they do not say. Yet what they keep to themselves constitute the major portion of what they know about people. Very many people harbor the belief that newspapers are eager to publish derogatory things. It's a mistake, however, to believe that they do not aspire a position in the community at any time by merely telling what it knows. There is not a newspaper that does not keep under the lock of secrecy scores of derogatory things which never meet the public eye or reach the public ear. Deciding what to print is the most troublesome part of newspaper work. How many good stories are suppressed for innocent relatives and for the public good nobody outside of a newspaper office has any idea of. In some instances he who tries into a newspaper because a newspaper prints something about him which he considers uncomplimentary has every reason to feel profoundly grateful to the newspaper for publishing as little of it known of him. And if this is the logical attitude of the most vulnerable to attack, a big problem often a device employed to avert suspicion. Newspapers put up with more blinding than any other agency would endure. It is not because they lack courage; it is because they are unwilling to use their power to destroy or ruin unless the interests of society imperatively demand it. It might be well for some people to reflect upon these truths and in silent gratitude accept mild admonition lest we fall them.

The statement made in the Lethbridge Herald on Wednesday, to the effect that "Conteiller Simplici incidentally took a slam at the Herald correspondent" is a lie. The Herald correspondent was not quoted by any person during the proceedings of Monday night's meeting, and we would advise the Herald to be more careful about accepting matter sent them by their Blairmore representative.

It's a wonder that the major did not have the names of the councilmen recorded when he handed the chief of police the bouquets on the behalf of the town of Blairmore. The "rubber" ended with a score of 6 to 2, the "swifts" taking their medicine like a lemon.

## SYNOPSIS OF COAL MINING REGULATIONS

COAL mining rights of the Dominion, Alberta, Saskatchewan, Manitoba, the Yukon Territories, the Northwest Territories and the Atlantic Provinces, all of which territories are subject to Dominion legislation, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than one acre may be leased by an applicant.

Application for a lease must be made by the applicant in person to the Agent or Superintendent of the Dominion Lands Agency, or to the Agent or Superintendent of the Provincial Lands Commission, where the lands are situated. In several territories the land must be described by sections, or legal subdivisions of sections and in unorganized territory the tract must be described by a point or points which can identify it.

The application must be accompanied by a fee of \$5 which will be refunded if the rights are not available, or not otherwise granted. If the lands are not available, the fee will be retained by the Agent or Superintendent of the Dominion Lands Agency.

The fee will be retained by the Agent or Superintendent of the Dominion Lands Agency, if the lands are not available, or not otherwise granted. The Agent or Superintendent of the Dominion Lands Agency will be responsible for the output of the mine at the rate of fees per cent per annum.

The person operating the mine shall furnish the Agent or Superintendent of the Dominion Lands Agency with a statement of the full quantity of merchantable coal mined during the year, and the coal mining rights are not to be operated on unless the rents should be furnished at least once a year.

Leases may be renewed for a term of five years only, but the leases may be permitted to pass to another person for a period of five years, or otherwise, provided that the lessee is not liable for the accumulated rents of the lands under the lease.

The full information application should be made to the Secretary of the Interior, or to the Agent or Superintendent of the Provincial Lands Commission, or to the Agent or Superintendent of the Dominion Lands Agency.

The first of these is a set of 29 volumes containing the greatest literature of all countries, and is meant for the use of the teachers. The second set is for the children, and is certainly a very fine set of books. The children find them interesting, as they contain a lot of valuable information not met with in ordinary school lessons. We wish to thank Capt. Beebe for the gift of these two valuable sets of books.

## An Important Event

Seats are now on sale for the engagement of "Graustark," which comes to the Blairmore opera house Friday, March the 13th. It will be among the first offerings of importance this season, and, judged by the measure of approval with which it is being received, its reception will be cordial. "Graustark" has enjoyed a really wonderful run of popularity, and it is safe to say that every playgoer who has seen it will agree that it is entitled to the favor it has been shown.

Inspector Jungst was up from Pincher Creek on Tuesday.

## The Agricultural Gazette of Canada

With the coming of the New Year there has appeared in the field of Canadian journalism a new agricultural magazine which promises to serve a most useful purpose. At no time in the history of the world has the cause of agriculture been accorded the support it now receives from legislative bodies, and in no country has the industry been more wisely or generously helped than in Canada. The Dominion and provincial governments exercise the utmost diligence and concern in their efforts to solve the problems that confront the farmer; to this work increased impetus has been given by the coming into force of the Agricultural Instruction Act, which serves as a medium for cooperative effort.

With a view to bringing together information concerning the work of the federal and provincial Departments of Agriculture there has been commenced the publication of the Agricultural Gazette of Canada, the first number of which has just now made its appearance.

While this magazine is edited and published at Ottawa its value is greatly increased by the cooperation of the officials of the Provincial Departments. The January number is evidently preparatory for what is to follow, as it is devoted chiefly to accounts of the organization and development of the several departments of Agriculture in Canada and statements of appropriations by which they are enabled to carry on their work. It contains also the full text of the Agricultural Instruction Act, the agreement with each of the provinces and a statement of the appropriations under the Act for the present year and the work made possible thereby.

In his "Foreword," the Honorable Martin Burrell, Minister of Agriculture, points out that the magazine is not to enter into general circulation, but to supply the press and those engaged in official agricultural work with facts and information relating to the educational and scientific side of agriculture. To these it is supplied free. For others a small additional number of copies will be printed from month to month, for which ten cents per copy or one dollar per year will be charged.

The magazine, which is clothed in a dignified cover, presents a very attractive appearance, being printed on high class, coated paper, which does full credit to the photo engravings of the Dominion and Provincial Ministers of Agriculture that appear in the first number.

## "The Rosary"

Manager Aylesworth's popular company reappeared in "The Rosary" at the Blairmore opera house on Monday night, and a large number of theatre goers had the pleasure of witnessing this excellent drama. "The Rosary" is truly a wonderful play and teaches a powerful lesson for good. In it the Catholic priest is drawn as he is, as the people know him, and human and divine qualities are combined in such a way that the effect is very strong and true. "Father Kelly" is one of the best masters of the stage today, and his popularity is evidenced by the immense audiences which greet him in every city and town of trans-continental tour. We understand that the company will return this way about two months hence in a sequel entitled "The Holy City." The name itself speaks for a production of par excellence, and will be looked forward to as one of this season's best performances.

New Lodge Formed  
In Blairmore

A meeting was held in the Miner's Hall on Monday night to discuss the advisability of forming a branch of the Independent Order of Good Templars. About thirty people were present and were addressed by Mr. F. Culbert Atkins, following which steps towards the formation of a lodge were taken. Owing to an insufficient number being present the organization was not completed and the meeting adjourned till Tuesday night, when the matter of organization was concluded. The new lodge is named "Victoria Lodge I.O.G.T." and starts out with twenty-four charter members. The officers are:

Temperance Rally  
At Blairmore

The temperance rally held in the opera house on Sunday night last was largely attended. The chair was occupied by Rev. J. F. Hunter, who, after the singing of a hymn called upon Rev. Mr. Muncaster to introduce the speaker of the evening, F. Culbert Atkins of Lethbridge.

Mr. Atkins took the stand and for about an hour dealt with the subject of "Alcohol as the Greatest Economic Burden of the Age." Mr. Atkins is specially equipped as a fighter for the cause of temperance. He is both fluent and forcible, and furnishes facts and figures to bear out the object of his endeavor. His address on Sunday night was most interesting and appreciated by all who had the pleasure of hearing him.

In his "Foreword," the Honorable Martin Burrell, Minister of Agriculture, points out that the magazine is not to enter into general circulation, but to supply the press and those engaged in official agricultural work with facts and information relating to the educational and scientific side of agriculture. To these it is supplied free. For others a small additional number of copies will be printed from month to month, for which ten cents per copy or one dollar per year will be charged.

"I have used Chamberlain's Cough Remedy ever since I have been keeping house," says L. C. Hanes, of Martley, Ala. "I consider it one of the best remedies I ever used.

Claims \$450,000: Biggest  
Suit in History of  
Local Courts

The largest sum ever named in a damage action in local courts is asked in a suit instituted at Lethbridge Thursday afternoon by the registration of a writ in the Supreme Court in which A. J. McGuire, coal mine prospector, asks D. Niel McMillan, broker of Warner, for specific performance of contract, or in lieu thereof the sum of \$450,000 and the costs of action.

The action is based on a contract between McGuire and McMillan in connection with the discovery and exploitation of coal lands southwest of Coleman in the Crow's Nest Pass coal fields. McGuire discovered the coal lands in the spring of 1913.

They are described as follows: N. E. 1/4 of Sec. 26; E. 1/4 and N. W. 1/4 of Sec. 34; W. 1/4 and S. E. 1/4 of Sec. 35, all in Tp. 7, Range 5, Woss 5th.

McGuire alleges that he went to McMillan and made a proposition whereby they were to enter into agreement to dispose of the lands to an incorporated company, McGuire to get 90 per cent. of the receipts and McMillan the other ten. The property was valued then at \$80,000.

McGuire, in the statement of claim, stated that he had a bona fide offer for the property of \$10,000 cash and \$500,000 in stock, the latter to be paid at par in 5 years. He alleges further that when he went to McMillan he was given the articles of sale, and, therefore, McGuire refused to do so, and therefore he, McGuire, lost his share of the \$50,000.

He therefore asks for the specific performance of his contract with McMillan or that amount in damages for breach of contract.

A. J. McGuire filed the writ in person.

Strike of Oil Near  
Blairmore Town

Oil was struck yesterday on Sage Creek, just across the Alberta border in British Columbia in the oil well of the British Columbia Oil and Coal Development company. The oil was encountered at a depth of 175 feet, and the well is said to be yielding up fluid at the rate of forty barrels daily.

The news was received by O. S. Chapman, who with other Calgarians, is interested in the property, D. L. Woods also has an interest in the company. Calgarians are interested in adjacent oil lands, and the strike is creating much interest in local oil circles.

A pumping plant is on the ground and will be at once installed at the well. The product is said to have a paraffin base, and is not unlike the output of the Dingman well.

Several Standard rigs are in the neighbourhood, and the drilling of a larger well, or several of them for that matter, will be at once undertaken.

The nearest town to the new find, with which Calgarians are familiar, is Blairmore, although the oil fields are some miles from that village—Calgary Albertan.

## Hockey To-night.

The second of a three game series between Blairmore and Bellevue, will be played on the Blairmore rink tonight. The game of Monday night at Bellevue resulted in a tie, both teams scoring two goals. Tonight's game will likely be the greatest drawing card of the season.
